### **Somers Fishing Access Site Project**

Montana Fish, Wildlife & Parks (FWP), Region One, has completed an environmental assessment (EA) for the Somers fishing access site (T27N, R21W, Lots 1 & 2, Flathead County) for the purpose of granting funding through the Motorboat Enhancement Program to Flathead County Parks and Weeds to expand the parking area, establish and maintain greenbelt vegetation to intercept runoff from the expanded parking area, and develop a paved trail to control pedestrian/bicycle traffic in the area of the boat ramp.

Based on the analysis in the EA, the alternative to fund this project through the Motorboat Enhancement Program was found to be the preferred alternative, with the modifications to the parking area as outlined in the final environmental assessment.

Copies of the record of decision and final EA are available at Fish, Wildlife & Parks headquarters, 490 N Meridian, Kalispell; Montana State Library, 1515 E 6<sup>th</sup> Ave., Helena; the Flathead County Library, 247 First Ave. E, Kalispell; and the FWP web site at [fwp.state.mt.us](http://fwp.state.mt.us).

Contact person: Regional Parks Manager Marty Watkins, FWP, 490 N. Meridian Rd., Kalispell, MT 59901, or e-mail [mawatkins@state.mt.us](mailto:mawatkins@state.mt.us).
